The Adventure

Your African Bush Adventure will take place in Kwa-Zulu Natal in South Africa.

There is a maximum of eight participants ensuring personalised attention and first-hand experience for everybody.

Although the primary objective is to enjoy yourselves and the bush, we place strong emphasis on the ethos surrounding safaris.

“Fantastic experience in an awesome big 5 area – and of course Massi, who is one of the best out there.”

- Horst Kalcher, Field Guide, Juli 2019

What to expect

During the course of your adventure you will experience the African bush in many ways:

- Bushwalks with an experienced Field Guide (2-5 hours each)
- Track & sign exercises
- Safaris in a game drive vehicle
- Sleep out on a 'Wilderness Trail' in the bush without camp or vehicle facilities
- Short, informal lectures on tracks, birds, mammals, plants, animal behaviour, etc. (customized to group interest to enhance the experience on bushwalks and game drives)

The "Wilderness Trail"

During this pure nature experience we will spend one or more nights sleeping in the open, under the stars (no tents), with each participant taking turns at "watch duty", ensuring the group's safety.

All food and equipment are carried in backpacks, water is found or provided.

EXPERIENCE
LIFE CHANGING
ADVENTURE

A typical Adventure day

In the morning we get up early and welcome a new day with hot coffee & rusks before we head out with the sunrise on a 3-5 hour bushwalk. During these walks you will not only have the opportunity to meet some of the Big 5, but also learn about the fascinating elements of nature and how each are carefully interconnected to one another. We head back to the lodge for lunch, followed by some time to relax or jump in the pool, and maybe an informal lecture about specific finds or discoveries of the morning.

After coffee in the early afternoon we go out on a game drive and enjoy a spectacular sunset over the African bush before returning to the lodge for dinner. In the evenings you will sit around the fire and admire the star-struck skies, while listening to Lions and Hyenas in the distance.

Although we make plans for the day, please be aware that those intentions may be disrupted at any point by game viewing opportunities, might it be Elephants choosing to take a drink next to camp or an early-morning wake-up call to search the roaring lions.

Above all, our intention is to enrich you with knowledge of this unique Eco-system and provide an in-depth bush experience! This is an ideal opportunity for anyone passionate about nature and with an adventurous spirit.

The Lodge
